

Water Solutions for  
Liveable and Sustainable Cities

### Launch of SIWW 2011 Blue Paper and Solutions at IDA World Congress 2011

The Singapore International Water Week (SIWW) 2011 which concluded on 8 July was a resounding success. The event attracted some 13,500 participants from 99 countries. We thank you for your participation and support for the event.

To mark the start of our campaign for SIWW 2012, we will be launching the post-event publications of the Water Week - "**Blue Paper and Solutions**" at the IDA World Congress on Desalination & Water Reuse in Perth, Australia on 5 Sep 2011. The "Blue Paper" covers the key insights shared by global leaders at the Water Leaders Summit 2011 while "Solutions" recaps the memorable moments and activities at the Water Week.

To celebrate this launch, we would like to invite you to the Singapore Reception, hosted by **Dr. Vivian Balakrishnan, Singapore's Minister for the Environment and Water Resources** if you are in Perth. Join us to renew friendships with fellow water leaders and make new connections.

Date	Monday, 5 September 2011
Time	3pm - 5pm
Venue	Singapore Pavilion (Booths D32-33 and E32-33) Perth Convention & Exhibition Centre

Please RSVP your attendance (including your name, job title and organization) with Shengwei at [marketing@siww.com.sg](mailto:marketing@siww.com.sg) by **31 Aug 2011**.

We look forward to seeing you in Perth!

Yours sincerely  
Maurice Neo  
Managing Director  
Singapore International Water Week
