Introduction of Japan Business Forum

- Team Water Japan and Water Security Council of Japan -

Kotaro Takemura (Dr.)

Secretary General of Japan Water Forum & Water Security Council of Japan

June 25, 2009

Japan Business Forum @ International Singapore Water Week 2009

Japan's Responsibility for Global Water Security

GLOBAL WATER ISSUES

2.5 billion

People do not have access to proper sanitation facilities such as toilets (JMP Report, UNICEF/WHO 2008)

0.9 billion

People do not have access to proper drinking water facilities such as aqueducts and tubewells (JMP Report, UNICEF/WHO 2008)

Data: NOAA (E-TOP05)

3.8 million

People die each year of water related diseases (UN World Water Development Report, 2nd edition, 2006)

7 billion

People in 60 countries will be facing water shortages by the middle of the 21st century (UN World Water Development Report 2003)

2 billion

People will have suffered from food damage stemming from population increase and climate change by the middle of the 21st century (UNU-EHS 2004)

JAPAN has a strong responsibility to contribute to the resolution of global water issues.

for Global Water Security
