

SINGAPORE INTERNATIONAL WATER WEEK 2010

WATER LEADERS SUMMIT

GRETCHEN W. McCLAIN

SENIOR VICE PRESIDENT , ITT CORPORATION
PRESIDENT , ITT FLUID AND MOTION CONTROL

United States of America

Gretchen W. McClain is President of ITT Fluid and Motion Control, ITT's portfolio of businesses serving vital global markets including water and fluids management and motion and flow control. She is also a corporate Senior Vice President and a member of the company's Strategic Council.

McClain joined ITT in September 2005 as the President of ITT's Residential & Commercial Water business. She was named President of ITT Fluid Technology in March 2007 and served in that role before being named to her current post in December 2008.

Prior to joining ITT, McClain was Vice President and General Manager of the Business, General Aviation & Helicopters (BGH) Electronics division at Honeywell Aerospace. Prior to that, she held a variety of leadership positions in Honeywell Aerospace's Engines, Systems & Services division.

McClain spent nine years with NASA and served as Deputy Associate Administrator for Space Development where she played a pivotal role in the successful development and launch of the International Space Station Program. She began her career as a structures and dynamics engineer in the commercial aerospace industry.

McClain earned a Bachelor of Science degree in Mechanical Engineering from the University of Utah.
