WATER LEADERS SUMMIT
SHAPE THE INDUSTRY THROUGH THOUGHT LEADERSHIP

Water Leaders Summit is an exclusive gathering of global water leaders, with aims to identify and discuss solutions to crucial water issues. Participants are able to engage in high-level exchanges with governments, international organisations and industry leaders. Taking on a wider perspective in 2014, the summit will deep dive into utility-centric issues, as well as industrial water solutions and securing the future of our water.

PROGRAMME HIGHLIGHTS

IN-CONVERSATION
This interactive session provides a unique opportunity to shape the global landscape of cities, water and environment with distinguished world leaders.

OPENING PLENARY ON “SHAPING OUR CITIES, WATER AND ENVIRONMENT FOR A LIVEABLE AND SUSTAINABLE FUTURE”
Gain insights on cross-disciplinary urban policy and governance issues, highlighting new challenges and the roles of stakeholders in co-creating a liveable and sustainable future.

SINGAPORE WATER LECTURE AND LEE KUAN YEW WORLD CITY PRIZE LECTURE
Presentations will be delivered by the Lee Kuan Yew Water Prize and Lee Kuan Yew World City Prize 2014 laureates, followed by dialogue sessions.

NEW 60 MINUTES WITH WATER LEADERS
Experience dynamic sessions where water leaders are invited to host tables and lead discussions on pertinent water issues.

CONVENING THE PINNACLE OF THE WATER INDUSTRY
- Take on an integrated Cities-Water-Environment approach to water issues
- Engage and network with thought leaders, policymakers and industry experts
- Continue conversations from SiWW Water Utilities Leaders Forum
For more information, email waterleaderssummit@siww.com.sg.
Stay ahead of current developments at Water Convention, the platform where industry experts, practitioners, and academia share their expertise and identify solutions to cross cutting global water challenges.

“Water for Industries” is the latest addition to the series of themes. Explore solutions on managing water and wastewater usage by the industrial sector. In addition, the Water Convention will explore topics on decentralised water treatment, waste removal from used water, planning and implementation of effective and resilient water systems, quality control of water resources and more.

5 THEMES COVERING THE ENTIRE WATER VALUE CHAIN:

1. Delivering Water from Source to Tap
2. Effective and Efficient Wastewater Management
3. Water for Liveability and Resilience
4. Water Quality and Health
5. Water for Industries

HOT ISSUES WORKSHOP
Hot Issues Workshop features the ‘hottest’ and latest water trends and challenges in Asia. Anticipate highly interactive panel discussions and take part in dialogue exchanges with industry peers.

Registration for Water Convention opens in January 2014. For more information, email waterconvention@siww.com.sg.
BUSINESS FORUMS
THE GATEWAY TO WATER BUSINESS OPPORTUNITIES

Looking for business collaboration opportunities? Business Forums provide a matchmaking platform for buyers and sellers in the water industry. Join industry stakeholders in identifying regional and industry water challenges that translate into business and networking opportunities for you!

HIGHLIGHTS
More than 1,000 global attendees expected
Eminent speakers from the government, water utilities and industrial park developers
New project announcements and investment opportunities
5 forums: Desalination and Water Reuse, Public-Private Partnership, China, Southeast Asia and Projects Road Show

CREATING SUSTAINABLE WATER SOURCES WITH DESALINATION AND WATER REUSE
Addressing the common global challenge of attaining an adequate and safe water supply, this forum will highlight the importance of desalination and water reuse as sustainable and reliable water sources to meet future needs. Look out for announcements on major business opportunities.

FINANCING WATER INFRASTRUCTURE PROJECTS WITH PUBLIC-PRIVATE PARTNERSHIP (PPP) SCHEMES
Delve into the issues surrounding Public-Private Partnership (PPP) and gain valuable insights from industry professionals on ways to navigate PPP deals successfully and profitably. The forum will address deal structures, tenders, management and upcoming water infrastructure PPP projects.

IN SEARCH OF OPPORTUNITIES IN CHINA’S CITIES, WATER & ENVIRONMENT
China’s speed of urbanisation and magnitude is unprecedented anywhere in the world. By 2030, it is projected that 67.8% of China’s population will live in urban areas. Along with the immense challenges, enormous business opportunities will be presented in search of sustainable solutions.

GROWING BUSINESS OPPORTUNITIES IN SOUTHEAST ASIA’S WATER MARKET
Southeast Asia faces an urgent need for water and wastewater infrastructure expansion and upgrading. This includes Thailand’s multi-billion water management project for flood prevention and water shortage, along with the Indonesian Government’s plan to meet the MDG target in clean water supply coverage. Funding opportunities are also present for international organisations and investors.

PROJECTS ROAD SHOW – UNCOVER UPCOMING PROJECT TENDERS
Leverage the participation of major companies, contractors, consultants and investors for business matchmaking opportunities. New project tenders will be announced at this road show by major water utilities.
