

SINGAPORE INTERNATIONAL WATER WEEK 2024

THE GLOBAL PLATFORM TO SHARE AND CO-CREATE INNOVATIVE WATER, COASTAL AND FLOOD SOLUTIONS

18 - 22 June 2024

Sands Expo & Convention Centre
Marina Bay Sands, Singapore

FOR WATER UTILITIES AND AGENCIES

We are inviting water utilities and agencies to join us at SIWW2024.

Scientific consensus on climate change is overwhelming, and complex shifts happening in our climate today are having profound impacts on urban water systems. Changing weather patterns, more frequent and intense rainfall, and increasing episodes of droughts will have significant impact on the reliability and sustainability of water utilities. Along with the challenge of managing water supply and demand, water utilities need to manage new demands on energy use, reduce carbon emissions and waste in a move to achieve Net Zero. They also need to leverage technology to be more effective, efficient and sustainable to transform the nature of work into becoming smart utilities.

At Singapore International Water Week (SIWW) 2024, we have lined up a series of programmes to share best practices, co-create innovative water, flood management and coastal protection solutions, and foster new partnerships to tackle urban water and associated climate challenges. We aim to galvanise climate action by providing a platform for exchange, sharing and collaboration amongst municipal and industrial stakeholders.

For water utilities and agencies who are interested to attend SIWW2024, please contact us at rsvp@siww.com.sg for us to send you an invitation.

Themes at SIWW2024

CLIMATE MITIGATION & WATER SUSTAINABILITY

Including net zero and decarbonisation, nexus and circularity, advanced treatment technologies, used water management and reuse, low-energy desalination, water quality and one health, climate financing.

CLIMATE ADAPTATION

Including coastal protection and flood resilience, nature-based solutions, blue-green infrastructure, adaptive multi-functional land use, adaptation financing.

DIGITALISATION

Including smart networks and systems, sensors, digital twins, AI and machine learning, autonomous robots.

Our Unique Value Propositions

THOUGHT LEADERSHIP

Insights on latest trends, strategies, policies and practices in urban water, flood management and coastal protection.

SOLUTIONS & TECHNOLOGY

Innovation, technology, solutions and applied case studies in urban water, flood management and coastal protection, for municipalities and industry.

BUSINESS & NETWORKING

Gathering of industry, utilities and governments for business collaboration and partnerships.

GLOBAL EVENT, REGIONAL FOOTPRINT

A global water, flood management and coastal protection show that showcases the best of the world to Asia.

URBAN SUSTAINABILITY

Co-located with CleanEnviro Summit Singapore to advance sustainability agenda for built urban environment.

Organised by:

Singapore International Water Week Pte Ltd, a company set up by Singapore's Ministry of Sustainability and the Environment and PUB, Singapore's National Water Agency.

Held in conjunction with:

Key Programme Highlights

THOUGHT LEADERSHIP

UTILITIES CEO ROUNDTABLE

(20 June 2024)

A by-invitation closed-door event targeted at senior utility leaders to share experiences and solutions, and foster closer cooperation amongst peers to solve emerging challenges facing utilities.

Roundtable Topics:

- Resilient and Sustainable Utility: Achieving this through Water Circularity
- Resilient and Sustainable Utility: Transitioning to Net Zero Future

WATER LEADERS SUMMIT

(21 June 2024)

Plenary sessions involving senior industry and utility leaders that showcase successful case studies and applied solutions in building resilient, sustainable and smart utilities.

Plenaries:

- Plenary Session 1 – Resilient and Sustainable Utility: Achieving this through Water Circularity
- Plenary Session 2 – Resilient and Sustainable Utility: Transitioning to Net Zero

EMERGING UTILITY LEADERS SUMMIT

(18 June 2024)

The Emerging Utility Leaders Summit (EULS) offers nominated emerging water leaders from invited utilities across the globe valuable learning, networking, and exposure opportunities during SIWW2024.

TITANS OF INDUSTRY

(19 June 2024)

The Titans of Industry session is designed as a high-level panel for global water industry CEOs and senior executives to share their corporate vision and strategy as leaders in urban sustainability, resilience, and innovation, and how their organisations are working with utility and industrial clients globally as effective change agents to transform and achieve their strategic goals.

SOLUTIONS & TECHNOLOGY

LEE KUAN YEW WATER PRIZE LECTURE

(19 June 2024)

A prestigious, internationally recognised award conferred on an individual or organisation for outstanding contributions towards solving the world's water problems by developing or applying innovative technologies, policies or programmes which benefit humanity. The 2024 Laureate will deliver a keynote lecture on Wednesday, 19 June 2024.

TECHNICAL SITE VISITS

(18 & 22 June 2024)

Offering first-hand experience to Singapore's integrated approach in achieving water sustainability, these visits to various technical facilities exemplify the best of sustainable urban and water solutions through Singapore's urban transformation into a City of Gardens and Water.

WATER CONVENTION

(18 - 21 June 2024)

Co-organised with the International Water Association, this technical conference gathers water professionals and practitioners to share knowledge, experiences and engage in discussions on sustainable technological solutions, processes and management strategies that address key water issues.

TECHXCHANGE

(18 June 2024)

A full-day technology pitching session designed to connect start-ups and innovators with municipal end-users to accelerate the adoption and commercialization of new water technologies.

BUSINESS & NETWORKING

WATER EXPO

(19 - 21 June 2024)

In cooperation with IFAT and organised by Messe Munich, the SIWW Water Expo is the pre-eminent marketplace for the international water, coastal and flood community to converge and find opportunities in business. The Water Expo showcases the latest state-of-the-art solutions, technologies, products and services for cities, utilities and industry in Asia.

THEMATIC AND BUSINESS FORUMS

(20 June 2024)

Covering emerging trends, opportunities, and challenges of today, the Forums aim to discover trends, solutions and high-impact collaboration projects across various themes and markets in the water sector.

NETWORKING FUNCTIONS

Numerous networking functions offer informal opportunities to foster business and collaboration. These functions include the Industry Night @ Water Expo, Happy Hour, Lee Kuan Yew Water Prize 2024 Award Ceremony & Banquet (ticketed separately) and SWA Golf @ SIWW2024 (ticketed separately).
