Programme Pillars

THOUGHT LEADERSHIP

Water Leaders Summit

A gathering of global water leaders and experts, to share solutions, innovation and policy interventions to spur collective action towards solving the world's pressing water urban challenges.

Young Water Leaders Programme

A leadership programme for next-generation water utility leaders, offering valuable learning, networking and exposure opportunities with global industry and utility leaders, and PUB during and post-SIWW.

SOLUTIONS & TECHNOLOGY

Lee Kuan Yew Water Prize

A prestigious, internationally recognised award conferred on an individual or organisation for outstanding contributions towards solving the world's water problems by developing or applying innovative technologies, policies or programmes which benefit humanity.

Water Convention

Co-organised with the International Water Association, this technical conference gathers water professionals and practitioners to share knowledge, experiences and engage in discussions on sustainable technological solutions, processes and management strategies that address key water issues.

TechXchange

Designed to connect innovators with partners, buyers, and investors to accelerate commercialisation of new water technologies from lab to market. The forum fosters interactive debate, generates networking opportunities and presents innovative technologies.

Technical Site-Visits

Offering first-hand experience to Singapore's integrated approach in achieving water sustainability, these visits exemplify the best of sustainable urban and water solutions through Singapore's urban transformation into a City of Gardens and Water.

BUSINESS & NETWORKING

Water Expo

In cooperation with IFAT and organised by Messe Munich, the SIWW Water Expo is the pre-eminent marketplace for the international water, coastal and flood community to converge and find opportunities in business. The Water Expo showcases the latest state-of-the-art solutions, technologies, products and services for cities, utilities and industry in Asia.

Thematic and Business Forums

Covering emerging trends, opportunities, and challenges of today, the Forums aim to discover trends, solutions and high-impact collaboration prospects across various themes and markets in the water sector.

Networking Functions

To encourage networking between delegates, exhibitors, and trade visitors, networking functions, such as a Welcome Reception, Closing Dinner, Golf Tournament, and Industry Night, will be organised at the event.
